Subject: Aaargh! Sorry, but Pamela has another followup question

Do you have more info on the "Phase 5" work that USGS was briefing Harris' Subcommittee on?

Thanks, again!!

Thanks, Ayn -- So, what are EPA's next steps at this point?

Last week the USGS briefed majority members of Andy Harris' Subcommittee on their Phase 5 work. Maybe that is prompting this? Also, yesterday Jim conveyed that the WH has asked EPA and Interior to pull together a joint briefing for industry to answer questions regarding comparison between their results and ours.

Hi, Ayn -- Pamela Janifer with HQ OCIR got a call from Jerry Couri, Majority staff of the House Energy & Commerce Committee, asking if there was anything new going on with the Pavillion ground-water investigation since we released our latest sampling data. Could you please let me know?

Many thanks!
Sandy
